1910			0	1	.000								games against Albuquerque

**Note-1**

In 1931, at the district 2 tournament, Las Vegas lost its first game to Cerrillos 8-2. Las Vegas players scored all 8 points for Cerrillos in an effort to lose the game. They guarded their own basket. The reason was if they lost, the team would drop to the bottom bracket, away from strong St. Michel's. To lose in the first round did not put you out of the tournament, but in a later round a loss DID eliminate the team. If they reached the finals, they still made the state tournament. Santa Fe also lost intentionally, and dropped to the bottom bracket. In the semifinals, Santa Fe defeated Las Vegas 15-11, and earned a trip to state! The brackets were revised all over the state in 1932 to prevent these intentional losses.
